Admixture Technical Sheets:

- | | |
|--------|---|
| ATS 1 | Normal Water Reducing / Plasticising admixtures |
| ATS 2 | Superplasticising |
| ATS 3 | Retarding |
| ATS 4 | Accelerating |
| ATS 5 | Air-entraining |
| ATS 6 | Water Resisting (waterproofing) |
| ATS 7 | Ready-to-use mortar admixtures |
| ATS 8 | Sprayed concrete admixtures |
| ATS 9 | Corrosion Inhibiting |
| ATS 10 | Foamed Concrete / CLSM |
| ATS 11 | Polymer Dispersion admixtures |
| ATS 12 | Pumping Aids |
| ATS 13 | VMA admixtures for SCC |
| AIS 14 | precast, semi-dry concrete |
| ATS 15 | Shrinkage reducing admixtures |
| ATS 16 | Truck Washwater admixtures |
| ATS 17 | Anti-washout / Underwater admixtures |

Guidelines:

CAA Guidelines for establishing the suitability of special purpose concrete admixtures

European Guidelines for Self-Compacting Concrete: Specification, production and use

Guidelines for Viscosity Modifying Admixtures

Environmental:

Admixture Environmental information, see AIS 11 for list.
